

Environment Policy

BMRCL strives to achieve highest standards when it comes to environmental management planning to achieve continual performance improvement.

It provides a structured approach to plan and implement environment protection measures. It also helps in integrating environmental management across all our operating agencies and sectors.

We shall strive to:

- ❖ Observe the laws and regulations relevant to the environment and other requirements related to our environmental aspects.
- ❖ Establish a framework for setting environmental objectives and targets, and achieve continual improvement through our environmental performance. Also minimize the negative impacts on the environment by efficient use of resources and waste management.
- ❖ Educate, Train and Motivate employees to carry out tasks in an environmental friendly responsible manner.
- ❖ Encouraging innovation and taking advantage of available opportunities to manage environmental risks and impacts.
- ❖ Encourage and influence environmental protection measures among the suppliers, sub contractors and those who work on behalf of the company.

This policy and our practices are regularly reviewed and updated so as to ensure its relevance and to enable us to achieve continual improvement in environmental sustainability.
